

Welcome to our
DROPSHIP SERVICE

A Brief Overview

Once you’ve filled out our dropship form and agreement, you can start adding products from our Dropship Catalog onto your website. Whenever you get an order, just email the order details (*ship to address, shipping speed, products ordered*) to your sales rep. We’ll charge you dropship pricing for the products, plus shipping, and then blind dropship it to your customer — it’ll look like the package is coming from you.

GETTING STARTED

View our Dropship Catalog at ushempwholesale.com/catalog

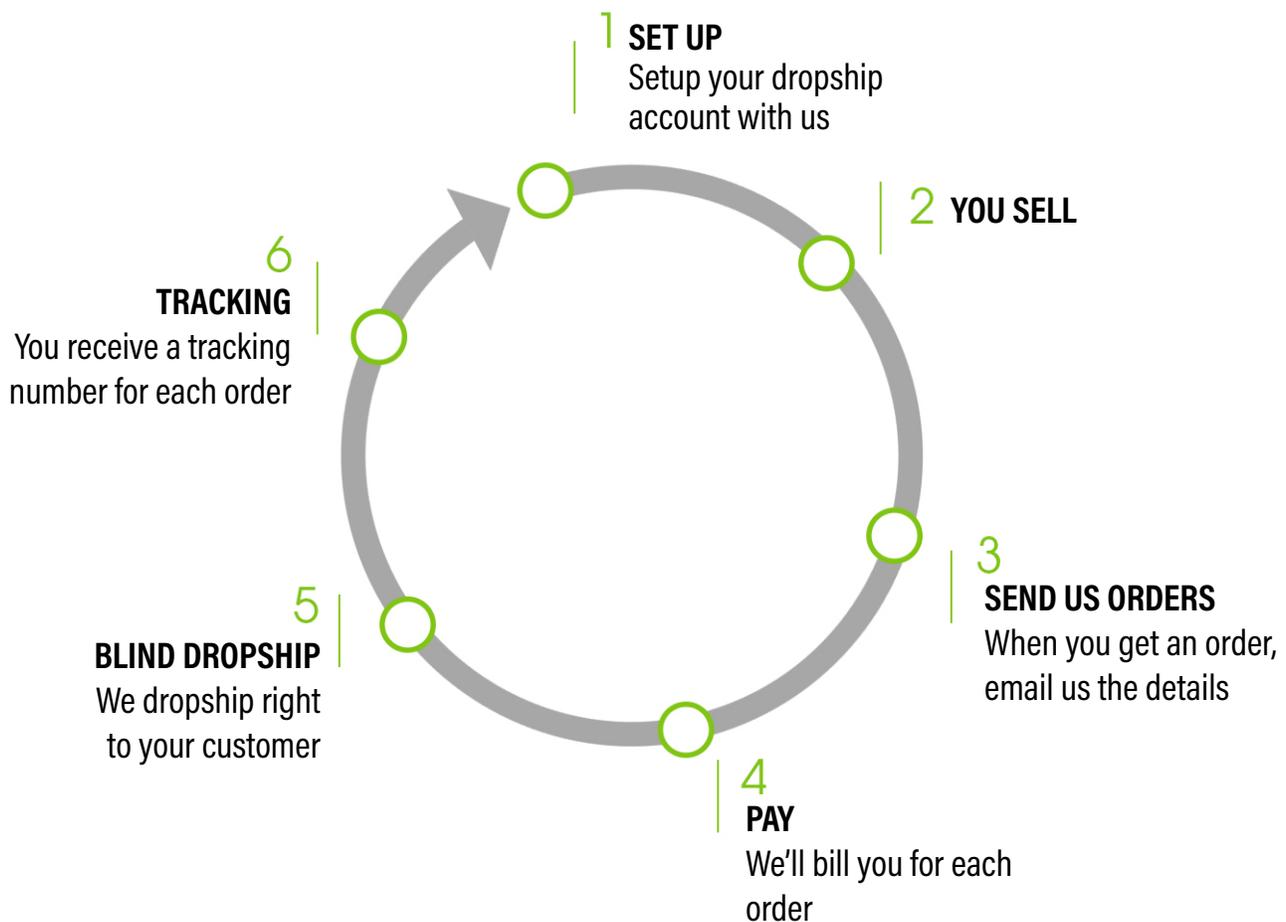

YouTube Watch our dropshipping video at www.youtube.com/watch?v=0pdE6WZ6ZzM.

First, reach out to our sales team by phone, email, or by filling out our wholesale form at ushemp-wholesale.com. Once we have all required documents, we'll send you a dropship agreement form.

You'll then receive a Drop Ship Form to fill out. This form will include a section to customize how your address and packing slip will appear to your customers.

Once we have that form and you're set up in our system, you can place dropship orders at any time.

Here's a visual of how it works...

WHAT WE PROVIDE FOR

Dropship catalog

[Click here](#) to view our most recent catalog, which includes pricing and SKUs for quick and accurate ordering. Please note that there are 2 catalogs available. The Wholesale Catalog contains our proprietary products, while the Dropship Catalog is an extended version that also includes products we distribute. Enjoy all of these products, available to ship from our warehouse!

Product photos

[Click here](#) to access our product images, which you're welcome to use on your website.

Product descriptions

[Click here](#) for short product descriptions. These descriptions are given to all dropshippers who request it, so you may want to tweak the description so your content isn't the same as someone else's...otherwise it may hurt your SEO. But we'll talk more about that in the Tips section.

Marketing materials

We have various flyers and brochures that you can purchase in bulk. Supply may vary. Contact your sales rep for all currently available materials.

.....

Tips: Best Sellers & SEO Suggestions

Ask your sales rep for a list of best selling products. This will help you decide which products to make prominent on your website, and if you don't want to list everything, you'll know what items are a must have for your website.

Create unique product descriptions for your website. We're often asked to provide product descriptions for dropshippers to use on their website. While we do have a document we can send you with descriptions that you're free to use, we encourage you to tweak the wording so you don't have the same exact description as someone else. Copying someone else's description can lower your search engine ranking.

Pricing

Pricing for all products can be found in the wholesale catalog. As a dropshipper, your pricing will be listed under the "Drop Ship Price" column. Once you start ordering over \$1,500 per month, you will be eligible for the Wholesale Price on all drop ship orders.

Talk to your sales rep about shipping options and pricing.

OUR SERVICES

Wholesale *

Purchase any of our 30+ products at wholesale pricing for your company. We offer small minimums to help you get started.

Dropshipping

Sell products on your website without the hassle of storing or shipping any products. Simply email us your orders and we'll have them shipped out with your company information on the shipping label and packing slip.

Private Labeling * (see page 4 for more details)

Want to establish your own hemp brand? We offer a variety of products that can be custom made with your labeling. With this service, you can expect the following:

- Perfected hemp formulas
- In-house water-proof label printing
- Optional design services
- Low minimums

Product Manufacturing (R&D) *

If you have an idea for a new product, or want a custom size/strength product that we don't currently offer, we can create a new formulation just for you.

*Minimum order quantities apply. The minimums and pricing on private labeling and product manufacturing may vary. Please talk to your sales rep for details.

PRIVATE LABELING

We've already perfected our tincture, vape, oil concentrate, and edible formulas. Now let us share them with you in the form of your very own brand.

To get started, browse through our [Wholesale Catalog](http://ushempwholesale.com/catalog) (ushempwholesale.com/catalog) and note the items with a **blue circle** next to their title. This circle indicates that it's available for private labeling.

Talk to your sales rep and decide on the following:

1. Product(s) you want to private label
2. Packaging type
3. Quantity (minimums apply)
4. Label design

You can design your own label or hire us to create it for you. Whichever you decide, we can then print the labels for you using our very own professional printer on water-proof labels.

Label Design Instructions

If you're creating your own labels, follow the link below to view the label instructions.
