## STANDARD SHIPPING TIMES

Once we receive your order, our goal is to ship it out within 1 business day (Monday - Friday) from payment. If something is on back-order, we will notify you as soon as possible.

All orders must be sent to our shipping team by 10am EST. If you send us an order too close to that cut-off time, it will go out the following day.

Although expedited and overnight shipments are prioritized each morning, the 1 business day standard still applies. Tracking information will be emailed to you by [tracking@shipstation.com](mailto:tracking@shipstation.com) after an order ships. We encourage you to add that address to your email contacts to avoid our emails landing in your spam folder.

## SHIPPING COSTS

USPS First Class — \$5.00 \*

USPS Priority — \$9.00 \*

\*These prices are based on the typical, small website order size. We may have to charge you more if an order is too heavy for the shipping type requested.

## PRICING TIER

Dropshippers: You will receive the "drop ship" pricing listed in this catalog. If you start placing more than \$1,500 in orders per month, let us know and we will give you "wholesale" pricing on **some** products. Please refer to our Wholesale Catalog for all products available at wholesale pricing.

## PRODUCT IMAGES

Download and use our product images here: [ushempwholesale.com/catalog](http://ushempwholesale.com/catalog) (It's at the very bottom, below our Catalog sections.) Please create **unique descriptions** for your listings. Do not copy someone else's word-for-word or it may hurt your search engine ranking.

# DROPSHIPPING

You sell products on your website -- we ship them to your customer. The shipping label and packing slip are customized to your Dropship Account, so it will appear as though the order shipped from you.

Once you fill out our Dropship Form, you're clear to start selling. Below are the steps involved in our dropship process.

For a more detailed **How It Works** PDF, go to [ushempwholesale.com/dropship-services](http://ushempwholesale.com/dropship-services).

## Step 1: Set Up Your Website

Once your website is set-up, take the time to perfect your product listings. You can look at our product descriptions to help guide your writing, but make sure your content is unique. Don't copy someone else's description word-for-word, or you will only be hurting your website's search engine ranking (SEO). For more website tips, go to [ushempwholesale.com/catalog](http://ushempwholesale.com/catalog) and click "Hemp Website Tips."

**Access our product images here:** [www.ushempwholesale.com/catalog](http://www.ushempwholesale.com/catalog) (Scroll down to the "Media" section, below the catalogs.)

## Step 2: Take Payment

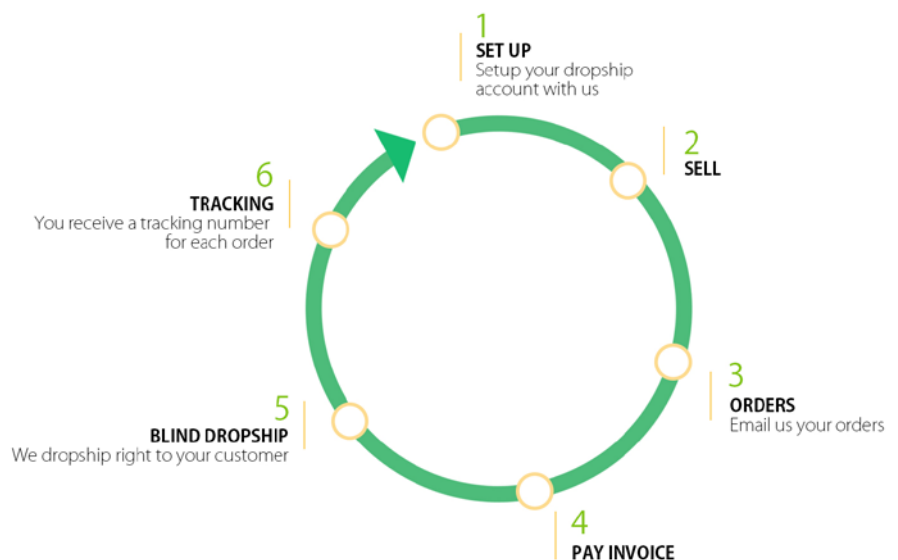

You will need a Merchant Account in order to take payments from your customers. This can be tricky, as many merchant service providers are hesitant to work with hemp vendors; but be persistent and you'll find one.

## Step 3: Send Us Your Orders

Whenever you get an order, email your sales rep with the shipping address, product(s) ordered, quantities, and shipping speed. (Tip: If you set up your website to email you whenever you receive an order, this process becomes super simple -- just forward those emails to your sales representative.)

## Step 4: We Dropship

Once we receive payment from you, we'll dropship the order to your customer. The packing slip and shipping label will all show your information, not ours. We are your "invisible" partner in this process!

# ABOUT US

---

## Founder & Owner

MHR LLC was founded by the owner, Jeff, in early 2013. After finding a hemp supplement that helped turn his life around, Jeff set out to help 5 people a week by personally coaching them towards a healthier lifestyle.

As people all over the world gradually began learning about hemp oil, the demand for products skyrocketed. Jeff's daily regimen became a nonstop shuffle of shipping orders and answering phone calls, which needless to say turned his hobby into a new full-time job.

This experience allowed us to build strong relationships with customers, as well as give us the experience and expertise to help educate thousands of people. We now have 15 employees and, in early 2016, cut the ribbon on our 800sq ft laboratory.

## Sales Representatives

Our sales team is made up of passionate individuals with extensive knowledge of our products and the hemp industry. Rest assured your calls and emails will always be answered promptly by friendly, knowledgeable hemp professionals.

Chat with our sales team to learn more about our Wholesale, Dropship, White Label, and Custom Product Manufacturing services.

## Support Team

Although your point of contact is your sales representative, if they're unavailable and you need immediate assistance, we have a friendly support team available M-F 7:30am-5pm (EST).

# BEHIND THE SCENES

---

There's never a dull moment at MHR LLC. Our lab is always bustling with new projects, and that's exactly what we aim for! When we're not occupied making products, we're experimenting with new ideas and formulations to maintain our place as an industry leader. If research shows there's a way to improve any of our products, we perfect the change and make it happen.

We manufacture in small batches to ensure you always receive a fresh product. Each product we carry has been 3rd-party lab tested to verify its phytocannabinoid content and check for any impurities. These tests are performed using High Performance Liquid Chromatography and a Microscopic Visual Inspection.

Our lab utilizes properly sourced industrial hemp oil from farms in Europe to produce concentrates, oils, vapes, edibles, and much more.

Our hemp extracts are tested at least twice before they're finally mixed into our oils.

## All-in-One

In an effort to be the one-stop shop for all your hemp needs, we also carry a variety of popular products from other brands; all shipping from the same warehouse. Save on shipping costs and paperwork.

## What to Expect

Once you partner with us, we keep in touch to make sure you always know what's going on; whether there's a catalog update or tweak to a product.

Additionally, you can expect the following when working with us:

- Low minimums
- Speedy turn-around times
- Fresh products
- Friendly & knowledgeable service
- Access to product photo gallery & some marketing materials
- Step-by-step instructions for Dropshipping and Private Labeling

## CAPSULES

### HEMP SOFTGELS

by Tasty Hemp Oil

Everyone wants a tasteless, convenient way to take hemp oil. It doesn't get much easier than softgels, as many of us already take encapsulated vitamins in the morning. Each THO Hemp Softgel is packed with a guaranteed 15mg serving.

**Ingredients:** Raw Organic Cold-Pressed Hemp Seed Oil, Natural Hemp Extract
